English , Urdu

Interest

Sport, Gym, Gaming

Summary

As a frontend web developer, I have a strong foundation in HTML, CSS, and JavaScript. I am skilled in creating responsive and user-friendly websites, and have a keen eye for design. I am experienced in using frameworks such as Bootstrap and Foundation, as well as libraries such as jQuery and React. I am also proficient in version control using Git and have experience collaborating on projects with cross-functional teams. In my previous roles, I have successfully implemented design mockups and wireframes into functional websites, and have a strong ability to troubleshoot and debug code. I am constantly seeking to learn and stay up-to-date with the latest web development technologies and best practices.
